

ENCRE membership fees

Overview

Membership fees paid by organisations are calculated starting from three key factors:

- Membership **type**
- Organisation **size**
- **Area** or location

There are three membership types, three organisation sizes and as many areas as European NUTS2 regions.

Membership type

Organisations must choose one of the following types of membership:

- Full members: they can seat in the Board and be elected to any position
- Associate members: they can seat in the General Assembly but not in the Board
- Observers: they cannot seat in the General Assembly or be elected to any position, but they can take part in working groups and any other activity

Organisation size

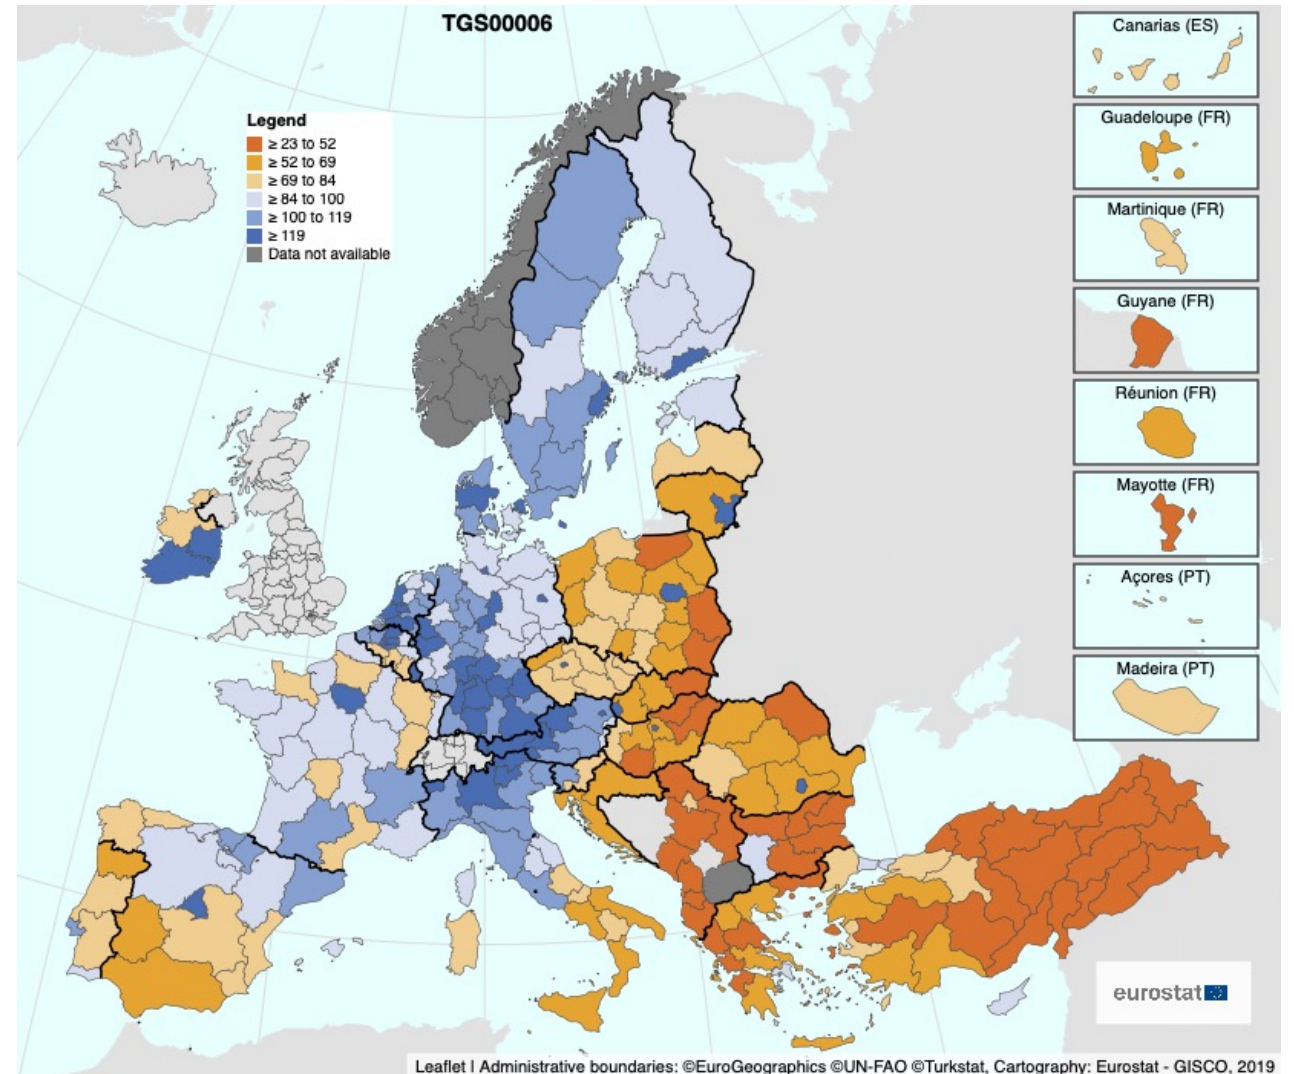

Organisations must meet one of the following criteria:

- a **large**-sized organisation has up to 250 employees, a turnover of up to €50 million or a balance sheet total of up to €43 million;
- a **medium** organisation has up to 50 employees and a turnover or balance sheet total of up to €10 million;
- a **small** organisation has up to 10 employees and a turnover or balance sheet total of up to €2 million.

For practical reasons, the number of employees is the main criterion.
